Dear Kath

I am pleased to advise that the Public School Review of South Kalgoorlie Primary School has been completed. I endorse the report and am satisfied it will provide a basis for sustained school improvement.

Your school performance rating determined through your self-assessment submission and validated by the review team is 'Effective'. I acknowledge the efforts of you and your staff in creating the conditions for successful students.

I noted that a broad range of staff were involved in the assessment of the school's activity across each of the School Improvement and Accountability Framework domains. It was pleasing to hear that these staff critiqued the school's performance through a variety of lenses including that of classroom teacher, year level team leader, operational plan coordinator and/or administrator. Importantly, this process of reflection included reviewing of the supporting evidence available and the identification of improvement actions.

The areas your school and the review team validated as being effective and those for which ongoing improvement is planned are noted.

As stated in the initial correspondence, please make the report available to your staff and school community and upload it to your school website and/or Schools Online for a minimum period of 12 months.

I know you, your staff and school community will take the opportunity to use this report to continually improve outcomes for your students.

Yours sincerely

Stephen Baxter
